Pratik Bhandari

Full Stack Web Developer

Open Source Projects

Gym Finder

Search Engine — Oct 2016

Created a search engine that helps you find gyms near your location or a location of your choice. It is an open source project so anyone who wish to create their own finder could simply change a line of code in the yelp API file.

Used Google Maps Autocomplete and Distance Matrix APIs, Yelp API, Node, Express, React, Redux and Redux Sagas.

Inter Language Chat

Chat Room — July 2016

Created a chat room app where people can chat with other people who speak different languages but in your own language.

Used Google Translate API to detect input language and translate to each user's preferred language, Node, Express, Socket.io, React and Flux.

Meme Hub

Meme Sharing Website — June 2016

Created an image sharing app where you can post funny pictures and see other users' posts. You can also like, dislike and comment on other people's post.

Used Node, Express, MongoDB, Angular, HTML, CSS, Custom User Authentication and AWS S3.

Reflecti

Social Media — June 2016

Developed frontend for an iOS app where you can view vines from the public vine api and capture your emotions through a camera and display it as reactions for other people to see. It is an alternative approach to display your actual reactions in contrast to classic likes and comments.

Used React Native, Flux, X Code and also collaborated with teammates using SCRUM and Github.

Education

Southeast Missouri State University

Computer Science — 2011 - 2015

Coding House

Full Immersion Javascript Bootcamp — Apr 2016 - July 2016

Work Experience

Coding House

Instructional Web Developer — July 2016 - Sep 2016

Created tutorials on class materials about full stack JavaScript app development. Helped and mentored new students in class and assisted the instructor with their teaching materials.

Southeast Missouri State University

Learning Assistant — Aug 2013 - May 2014

Tutored students in Computer Science, College Algebra, Precalculus, Calculus I, Calculus II

Skills
